GENERAL HOUSE KEEPING:

Please be mindful of Residents property, privacy and space - not everyone is involved in the party. Do not take 'souvenirs' from people's yards - we treasure our yard art!

Make sure you have permission to camp and / or park your vehicle before you set up. **It's pretty much dry camping**, no electricity or water or shade - hard core!

If you use a generator - please turn off between 9pm - 7am

There are 2 portapotties - please use them for serious business & spare our Darwinian outhouses !

The Darwin Station has kitchen facilities & where the potlucks will occur.

Please dispose of trash with recycling in mind. (we should have cans marked for this) please pack out your landfill trash with you.

No campfires in non designated places - please consult with party hosts first.

Bring ice, water, Gas, chairs, towel, shade, firewood, solar shower, flashlight, musical instruments, hiking boots, sun hat, sunscreen, food & beverages for yourself & to share & something to tie dye!

Gypsy costumes encouraged - and something to decorate your car.

MOST IMPORTANT - HAVE FUN!
