

WEDNESDAY: COMPLETE YOUR DRAWINGS FOR JAN TO SEND TO ME

- Draw your idea of Evolution for the mural onto a piece of paper.
- Draw in black and white line art for now (color comes later)
- Use the prints outs from Karen as a reference to do your own drawing
- you may send extra images for Karen to print out if needed.
- You may trace parts that you want the same
- But I encourage you to put your own artistic spin onto it.
- There is large tracing paper and marker paper you can use
- (Please don't waste it - it's my own professional material I am donating.)

Give Jan your designs for her to photograph and send to me.

I will resize and fit into the wall dimensions and send back to Jan for the next class.

WEDNESDAY: COMPLETE YOUR DRAWINGS FOR JAN TO SEND TO ME

1. Draw the word **EVOLUTION** = evolving from a simple sketch to a 3 dimensional dynamic letters. Maybe whole style of mural is an evolution from a line sketch to 3d full color

evOLUTION

2. **AZTEC CALENDAR** with evolution of the Mexican flag in 12 stages (This will be one of the O's in EVOLUTION)

3. **Evolution from an egg hatching into to the LPHS Eagle, flying.**

4. **Evolution of Man - from Ape to man to beyond.**

5. **Evolution of man to spirit..**

6. **Evolution of the Cartoon.** Different Cartoons from different times of the students childhood running through the words and scenes of the mural starting with Steamboat Willie and ending with Rick & Morty disappearing through a portal

evOLUTION

Some thoughts

Change up the styles

And the size

From a flat pencil sketch to a 3d color letters

Allow room for designs in the background and inside the letters...?

THURSDAY: FINALIZE COMPLETE LAYOUT & START PLANNING COLORS

- From the drawings submitted I will resize into one complete design proportioned to fit on the wall. *(If I give you more than one - decide as a class which one)*
- Work out the thematic 'glue' that ties the whole painting together.
 - Does it go from a line sketch to a full 3d colored painting?
 - Are the large EVOLUTION words enough to tie the painting together?
 - Will background imagery and colors help?
- What's in the back ground?
 - Textures?
 - Patterns
 - Space and planets
 - DNA Spirals?
 - Atoms...?
 - Something else?
- Sketch or write out some ideas for me to work from.
- Jan will send me the list.

THURSDAY: FINALIZE COMPLETE LAYOUT

- From the drawings submitted I will resize into one complete design proportioned to fit on the wall. *(If I give you more than one - decide as a class which one)*

This is not what it'll look like, I don't have your sketches yet but this is the approach!

- **Need to work out the thematic 'glue' that ties the whole painting together.**
 - Does it go from a line sketch to a full 3d colored painting?
 - Are the large EVOLUTION words enough to tie the painting together?
 - Will background imagery and colors help?
- What's in the back ground?
 - Textures?
 - Patterns
 - Space and planets
 - DNA Spirals?
 - Atoms...?
 - Something else?
- Sketch or write out some ideas for me to work from if you don't you'll be stuck with my design.
- Jan will send me the list.

THURSDAY: FINALIZE COMPLETE LAYOUT

Looking for ways to combine the ideas into a comprehensive, cohesive design

Strong shapes, mixed styles, large letters

CONSIDER THIS

The Background

The Words

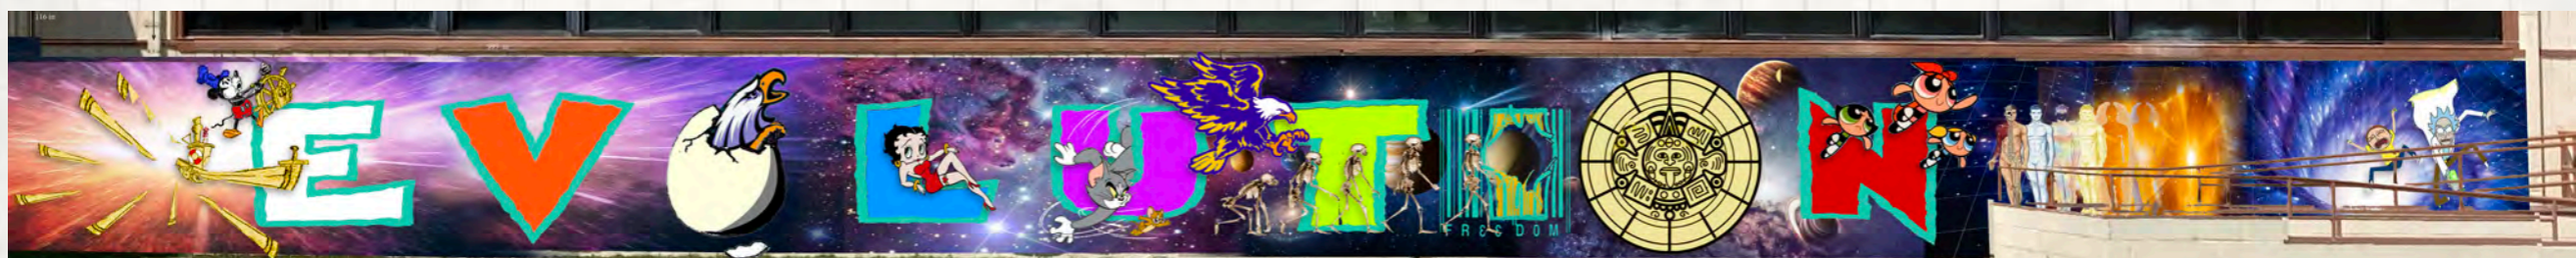

How the ideas work within the mural

Flip it around, different background.....?

FRIDAY: SUGGESTED LAYOUT.

- Give Jan your final changes & additions today.

FRIDAY: BACK UP PLAN.

Here was my back up design if the Evolution idea didn't work.
The Principal has asked me to do a mural of LPHS EAGLE attributes somewhere in the school.
- You can select this idea if you prefer it. Each group gets to paint their own style of Eagle.

FRIDAY: WORK OUT COLORS.

- Each group will receive a print out of the total final design plus the design blown up into separate pages
- Work out the colors of your particular design
- Suggest colors for the background of the total mural.
- Color the drawings
- Make a color swatch list of the colors for me to be able to order paint and sprays.
